## More about Restoration Rec...

### What is it and how it relates to Restoration Ranch!

Restoration Rec is a program Restoration Ranch started with the hopes to help just a few families keep their kiddos active. Little did we know that it was such a great need to our community. Our mission at Restoration Ranch is to provide a unique platform for the community that will strengthen and enhance relationships, fill gaps that will develop people and their families, and create a variety of activities in a convenient location, in order to share the good news of the Kingdom of God. So we have continued this program and are looking forward to continually enhancing it.

We have a great team that sign up each semester to make this program possible. At Restoration Ranch our programs are very **ministry minded**, and we have other

programs that are there to help make these programs and others financially feasible. We also have developed relationships with local schools, businesses, and churches to be able to provide the facilities for these programs. If you have a passion for PE, Sports, or just a passion for helping kids reach their goals, we are looking for quality people. Please reach out to learn more.

We look forward to an awesome semester and thank you all for your support. We couldn't do this without all of you!

**“Reach-Resonate-Restore”**
